

## REFLET D' ORIENT

---

A fantastic experience among the REFLET D' ORIENT for women and men and the East...

The scent develops with depth and sensuality, turning into a more assured and greatly valuable as with the reflection of an oriental woman and man in a mirror beautifully and gentlemanly.

It is my own scent laboratory, it's where I have the ability to create very special, original fragrances that are unconstrained by the convention of mainstream scent making.

REFLET D' ORIENT is designed with the true fragrances connoisseur mind. "CHARLES DE BEAUNE"

The composition opens with notes WHITE TEA, VIOLET. LEATHER NOTES from the heart of the perfume, placed on the base of WOODY NOTES, AMBER and MUSK.

**The fragrance is available as a 100 ml Eau De Parfum.**
